

CHALET GEMINI

Zermatt luxury catered and self-catered Chalet Gemini is one of our four unique and for Zermatt very rare, residences (our Chalets Castor, Pollux and Ibron being the other three): a luxurious free standing three storey chalet with 5 double bedrooms.

Its location provides the best of both worlds: spectacular views and easy access. 200m from the Matterhorn Express base lift station and resort run, there is a street level tunnel which leads you to a lift (elevator) built inside the mountain, from the top of which there is a gentle 2 minute walk to the property and an exterior stairway. The chalet comes with an electro wagon and stair lift which our staff will use to move your luggage and shopping as required.

This luxurious free standing ski chalet has 5 double bedrooms, large enough for families or groups of up to ten. Four bedrooms can be configured as twins, and all have en suite bathrooms and TV. There is also a private sauna and wellness area and an outdoor jacuzzi on the large private terrace.

Zermatt luxury catered ski chalet Gemini is a rare gem; a large freestanding chalet which Mountain Exposure has conceived to meet your needs and wishes to the fullest possible extent.

Chalet Gemini is opposite Chalet Castor (sleeps 8) and next to Chalet Pollux as well as our other luxury freestanding chalet, Chalet Ibron, which sleeps a further 8 people. All these chalets may be rented together (Les Perles) enabling a group of up to 16, 18, 24, 26 or 34 guests to stay in the same location while benefiting from the space and privacy that only a sole-occupancy luxury chalet can provide.
